

**PSYCHOLOGICAL SCIENCE
TECHNIQUES AND METHODS IN PSYCHOLOGICAL SCIENCE
SELECTION FOR EU or EU-EQUATED CANDIDATES**

**INFORMATION CONCERNING THE ENGLISH-PSY ENTRY TEST
21st April 2026**

The entry test will take place on April 21st 1.00 p.m., Italian Time.

Candidates will receive an e-mail with the time given to show up for the test from the no reply e-mail address register@cisialonline.it. Please note that any mail sent to that address will not receive an answer.

The test date will not be changed for any reason.

In order to take the test, candidates need to read and follow the guidelines provided by CISIA.

Candidates will **receive two automatic e-mails** from register@cisialonline.it **by April 21st** (within 12 p.m. Italian Time) **with** all details concerning the username and password to connect to the test.

Please note that, on the test date, you will be required to click on <https://accesso.testcisial.it/> > "@CASA/@HOME" > "OTHER TESTS". This is NOT a TOLC test.

The requirements concerning the **devices and minimum technical specifications** required to sit the test are available at

<https://guide.cisialonline.it/en/node/106>

<https://guide.cisialonline.it/en/node/107>

During the test candidates shall **observe the regulations** provided by CISIA to take the English-PSY entry test, which are available at the following page (paragraphs 4.2, 5, 6, 7 and 8):

<https://www.cisialonline.it/en/tolc/all-about-tolc/TOLC-rules>

Candidates with learning support tools may refer to the following webpage:

<https://guide.cisialonline.it/en/Supporti>

Please note that the test may be invalidated for the following reasons:

- If a person enters the room after the candidate has been validated (i.e. after the candidate has shown the room, the desk, the sheets of paper and has been enabled to take the test);
- If the candidate speaks to another person after the validation and during the test;
- If the room chosen by the candidate to take the test is an open space, with more than two doors (e.g. if the room has tents instead of doors, thus giving the chance to any unauthorised people to enter the room, or if the is too big for the invigilators to see it in its entirety for the whole duration of the test). No public spaces will be accepted to take the test (e.g. offices with exposed glass);
- If the **Webex or CISIA connection is lost for more than 5 minutes continuously, or 10 minutes in total** (for instance, the test is invalidated if the candidate leaves the Webex meeting three times for 4 minutes each);
- If the candidate gets up without authorisation given by the invigilators at any time;
- If the candidate mutes the device or disconnects the video without authorisation given by the invigilators at any time;

- If the candidate uses any unauthorised device during the test;
- If the candidate uses any book, sheet of paper or any physical support with notes on it besides the blank sheets of paper checked by the invigilators during the validation;
- If the candidate leaves the fullscreen mode and opens any browser tab at any time;
- If the candidate does not follow the instructions given by the invigilators.

Please note that

- if you do not show up by 1.00 p.m. on the test date and if you are not prepared, the commissioners will not let you take the test;
- the preliminary procedures that take place before the test begins may take up to 90-110 minutes;
- the meeting is recorded, therefore any violation of the aforementioned regulations can cause the invalidation of the test DURING or AFTER the test has been taken;
- the test date can't be changed for any reason;
- the VMWare Horizon Software **will not be used** in the English-PSY entry test;
- **the test will be only held on April 21st with a single attempt available.** The test will not be re-scheduled;
- the **rules to follow** are explained at paragraphs 4.2, 5, 6, 7 and 8 of the [CISIA regulations](#).

Candidates who will not be able to have a stable internet connection and/or will not set up the room for the test as required will be excluded from the test.
